Invest in our future **ONE** child at a time

it just takes | one.

ONE vision:

To give every child access to a safe, nurturing, educational environment that positively impacts their lives.

ONE purpose:

To build in every child a sense of belonging; providing them with an opportunity to have influence in their community, giving them a sense of usefulness while developing their competencies in education, a moral compass and civic involvement.

ONE day at a time:

Every day the Boys & Girls Club provides opportunities for kids who need our services, providing affordable programs to thousands of youth after school and when school is not in session for more than 1,800 hours a year - ONE day at a time.

ONE commitment:

Through your commitment and the commitment of hundreds of others - both individual and corporate - the Boys & Girls Club of Rochester is able to serve more than 1,700 youth each year. Your help can grow our services to serve the kids who need our programs the most - especially the 28 percent of enrolled students in Rochester who currently receive a free or reduced-cost lunch and need affordable youth development opportunities. Your leadership and commitment can provide that opportunity.

ONE future:

Your investment in our programs will secure our future; together we are developing one future leader at a time.

The POWER OF ONE!

Making a difference in the life of a child, giving them hope, providing them opportunities, shaping the future of our community is all in the Power of ONE. Every individual, community leader and corporation has the power of ONE: ONE chance, with ONE investment, to build our future, ONE CHILD at a TIME.

Mission statement:

To inspire and enable all young people, especially those from disadvantaged circumstances, to realize their full potential as productive, responsible and caring citizens.
